Here Design

Senior Artworker

Who We Are

Here is a company of thinkers, writers, designers and makers that work together to create beautiful and useful things. We call this, Beautility. Our studio is a busy, dynamic environment where creative solutions and strategic thinking are the guiding principles that underpin everything we do.

We are growing our team and looking to recruit a Senior Artworker to join their multi-disciplinary team in East London.

Who You Are

You will be ready to embrace the opportunity to work on a diverse range of projects, including branding, packaging, print and publishing, whilst collaborating with a wide range of disciplines. You will have an excellent understanding of print processes and a keen eye for detail.

This role is more than just a run of the mill artworker role and you won't be left to robotically churn out artworks. We are looking for someone that is happy to communicate to designers if they think there are better ways to achieve the design intent. You will have an interest in print and manufacturing processes, finishes and materials that you can feed into designers as the project moves through the studio. You will be well versed on environmental issues and understand the impact materials and processes can make to the success of a design and its end eco credentials. You will be hands on, maybe with some crafting interest, and will help when needed with in-house mock up requests.

Responsibilities Include

- Producing print and digital artworks, brand asset sets and mockups as required.
- Supporting with production consultancy, offering suggestions on all production consideration for materials, finishes, processes and sustainability to best work with a client's project and the designers intent.
- Creating low-res files for internal / external signoff and helping to manage the internal sign off process.
- Creation of hi-res print ready artwork files.
- Managing the in-house artwork version control and filing process.
- Working with mock-up agencies to assist in the creation of prototypes/mock-ups.
- Attending press passes, alone or with clients, to give the final artwork sign off.
- A point of contact for technical questions from clients and supplier liaisons.
- Liaising with Project Managers to define briefs.
- Assisting in management of freelancers artworkers.
- Taking ownership over client work you are appointed Brand Guardian for and always considering their ways of working.
- Creating and exporting assets for client use.
- Obtaining print / production quotes.

Here Design

How To Apply

Send your CV and portfolio to recruitment@heredesign.co.uk with the reference Senior Artworker in your email subject.

Please Note

Whilst there are some aspects of creativity within this role and the production teams opinions are always welcome in the design process, this role is not creative focused and there is no opportunity for it to lead to a role within the design team. Please look out for opportunities within our design team on our website and contact us if you would be interested in hearing more about our design internship scheme.
